Hello Jennifer and Nancy,

I am reaching out to you about the **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

Along with other projects supporting the lead reduction initiative, I am recommending the use of the A3 and other eLMS strategies based on discussions with Henry Darwin and Kevin DeBell. The eLMS will provide us a systematic method to develop actionable items as a group and evaluate the various Pb models and approaches that inform EPA decisions.

Please see the attached draft A3 chart, which provides an overview of the project, for your review and input. I welcome your feedback. Also, other groups such as the TRW may be included in scheduled meetings, but are not reflected on the A3.

I envision that it will take some time to get to the final endpoint, so I am recommending that we break it down into smaller parts. I **Ex. 5 Deliberative Process (DP)**

If I have missed something or misunderstood the Administrator's ask or if there are different ways to approach this, please let me know. I am happy to accommodate changes and suggestions.

Please let me know if you have any questions. I look forward to hearing from you, and thank you for your support!

Best regards,
Hayley
